DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-4 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. It is not clear if applicant is claiming an elastomer or thermoplastic resin for the center outer layer.

Response to Arguments

Applicant's arguments filed 3-9-04 have been fully considered but they are not persuasive. Applicant's claim 1 as currently amended claims a center outer layer comprising a thermoplastic resin and further recites elastomers as examples of the resins. Applicant's brief filed 2-21-03 states that the present specification calls for thermoplastic elastomers, not thermoplastic resins (page 5). If this is the case, claim 1 is indefinite for claiming elastomers as resins.
